Hydraulic Power Units

Multi-Purpose Portable Hydraulic Power Packs

TMG manufactures various portable hydraulic power units designed specifically for compaction grouting, marine construction and the geotechnical, underpinning and construction industries.

These multi-use hydraulic power units are a workhorse, used for underpinning, compaction grouting and geotechnical investigation. The unique dual-hydraulic connectors allow for simultaneous attachment of extraction tools and other connections. Time-tested, dependable Kohler engine with full factory warranty.

Engine

- 23.5hp gasoline engine
- 12 volt battery starter
- Digital tach/hour meter readout
- 7 gallon fuel tank

Hydraulic System

- Choose between 10 GPM or 20 GPM system.
- Max 3000 PSI (4000 PSI Optional)
- Single stage pump for 10 GPM or 2 stage pump for 20 GPM.
- Dual quick disconnect hydraulic connectors for multi tools use
- Hydraulic oil cooler
- Large oversized hydraulic filter

Includes

- Extra large ATV style tires

Options

- Large 3/4" couplings to handle 20 GPM flow
- 17 gallon hydraulic oil reservoir
